Alle vlakke van spel het ten doel om solo-werk van hoogstaande gehalte aan te bied, maar ook om ons ensembles uit te brei. Inskrywing vir ABRSM-, Trinity College- en UNISA-eksterne eksamens, word aangemoedig en baie leerders speel UNISA: Graad 8-klavier gedurende hulle skooljare by Hoërskool Tygerberg.

Leerders word ook aangemoedig om deel te neem aan eisteddfods, sowel as aan die Concerto-fees, Pieter Kooij- en Johann Vos-kompetisies. Die meisiekoor en Tygerberg Mafia sing uitdagende, dog gevarieerde programme.

MUSIC AS A SUBJECT

From Grade 8 pupils are offered all the opportunities available to music students. Although the Music syllabus begins in Grade 10, music is offered as a specialised component in the Creative Arts subject in Grades 8 and 9. This includes instrumental tuition (one practical lesson per week), gaining general musical knowledge in class and participating in any ensembles or choir.

Requirements:

All prospective instrumentalists and singers will be evaluated at an audition where their aptitude and musicality will be tested.

Music in Grades 10 – 12:

Intensive musical training is provided in all spheres with unique performing and academic opportunities. The entrance requirement is a Grade 3 level, both practically and theoretically. Each music student receives individual practical lessons and subject music lessons which include general music knowledge, music theory and aural training.

For advanced pupils, it is an option to do the Grade 6 Theory exam in Grade 11 or 12. Music being a practical art calls for the requirement that all music students participate in at least one of the ensembles or choirs.

Included in the curriculum are composing opportunities using music technology and working with current computer software. Individual lessons are held during school hours and students are required to play two internal practical exams per annum.

Music performances and results in recent years:

- Tygerberg High School's learners excel in voice and in piano in particular.
- We are proud to have pianists reaching the finals of the Johann Vos piano competition annually.
- We are hosting a competition, Mini Maestros, for primary school students with the intent to showcase our school's facilities.
- Our teachers are experienced musicians who are also known in the performing world:
- Mr Barend van der Westhuizen sang Freddy in My Fair Lady at the Artscape opera house and is a well-known soloist with all the symphony and philharmonic orchestras around the country.

MUSIEK AS VAK

Vanaf graad 8 word aan leerders alle geleenthede wat tot beskiking van musiekleerders is, gebied. Alhoewel die musiek-vak se sillabus eers in graad 10 begin, word musiek as 'n gespesialiseerde been van Skeppende Kunste in graad 8 en 9 aangebied. Dit sluit twee individuele praktiese lesse per siklus in, sowel as die instruksie in algemene musiekteorie en -kennis en deelname aan ensembles en koor.

Vereiste:

Instrumentaliste en sangers word op grond van musikaliteitskriteria gekeur. Hierdie aanlegtoets word tydens die oudisie geasseseer.

Vak-Musiek in grade 10 – 12:

Intensiewe musikale opleiding word in alle sfere van musiek gebied met uitsonderlike akademiese en voordrag moontlikhede. Die toelatingsvereiste vir graad 10 is 'n Graad 3-vlak in beide prakties en teorie. Elke vakleerder ontvang individuele praktiese onderrig, sowel as musiekteorie, musiekkennis, gehooropleiding, improvisasie, musiektegnologie en komposisie. Gevorderde leerders word ingeskryf vir UNISA-, Trinity- en ABRSM-teorie en praktiese eksamens. Aangesien musiek 'n praktiese en uitvoerende vak is, word van alle leerders verwag om in te skakel en deel te neem aan 'n ensemble.

Die kurrikulum sluit komposisie in en leerders sal die geleentheid kry om sagteware-programme tot ons beskikking te gebruik. Individuele lesse vind gedurende skoolure plaas en van leerders sal verwag word om twee praktiese eksamens per jaar te speel.
