Enige boodskap aan die kiesers?

Any message to the voters?

There is a changing demographic within Tygerberg High School and the school community as a whole need to adjust with this changing demographic. With adjusting the whole school community to align with the changing demographic, the school should not lose its identity nor its capabilities. The school is blessed with students with academic, cultural and sports abilities, and these abilities need to be formed and moulded to ensure that these individuals with these talents reach their full potential.
